Chief Fire Officers

Our Ref: DJS/9015-01

20th April 2006

Dear Sir

FUTURE STORAGE OF CANDIDATE RESULTS AND FSEB HISTORICAL RECORDS

Following the recent publication of results to brigades for candidates who undertook the Station Officer 2nd re-sit examination in February, this now brings to conclusion the final statutory examinations for the Fire services Examinations Board (FSEB). All candidates are now deemed to be part of the IPDS process.

Formally, FSEB will continue up to the **31st July 2006** and any examination queries or information relating to the statutory examinations, copies of past results/certificates etc. can still be made direct with Mr Stanley, the Secretary, on the above number or to his mobile (07798 826409).

From the **1st August 2006** the Fire Services Examinations Board has agreed a process for the future storage and retrieval of candidate results and the holding of all FSEB historical records and it would be helpful if you could advise all appropriate personnel of these forthcoming changes.

Candidate Results

A copy of Candidate Results both pre-computerisation and post-computerisation will be held by the Fire Service College and contact should first be made with the Assessments and Certification section (01608 650831) email: assessments@fireservicecollege.ac.uk. The Fire Service College will only confirm a candidate's success or otherwise in an examination and NO formal result letter or certificate, as previously published by the FSEB, will be produced. The College may make a charge for such requests.

In Scotland, a copy of the results as they relate to Scottish candidates will be held by the Fire Services College, Gullane. Contact for Scottish candidates should be made with Gail Fraser (01620 843739) email gail.fraser@scotland.gsi.gov.uk.

FSEB Historical Data

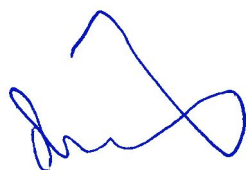

The Fire Services College have also agreed to hold copies of past FSEB Agendas, Papers and Minutes as a permanent historical record of the Board's meetings. In addition they will hold bound copies of all past syllabuses, question papers and reports and other associated examination bibliography. Contact should first be made with the Library and information Resource Centre (01608 812050) email: library@fireservicecollege.ac.uk, if perusal of these documents is required.

FSEB Web Site

More recent FSEB information including all question papers and reports, candidate handbooks, which includes the syllabuses and related study information, will continue to be available on the FSEB's web site www.fseb.gov.uk. This site will remain active until June 2007.

Finally, can I thank all brigades for their support and assistance over the years to the statutory examinations.

Yours sincerely

David Stanley
SECRETARY
